

The king tides have been quite a challenge for the islanders lately.

This is Jagulio during a king high tide.

Ptr Romeo baptizing 3 young people in the mangroves near Jagulio.

It's been a big blessing to see the establishment and growth of two pioneering works. One at Caubian Island under the care of Ptr Romeo. The other at Pinamgo under the care of Ptr Jun Beltran. Pray for these outreaches.

This is Nelpa, one of my island friends from Jagulio. What a cutie!

We attended a special Nutrition Month program put on by Dan & Eden and the preschool kids at Calituban. Many parents and some community officials were there and heard the gospel.

Pray for safety as we travel the seas during these stormy months.

Pray for the continuing development of the Galilee property. One project there at the moment is the construction of a verandah.

Pray for us as we seek to strengthen & encourage the island churches and share the precious gospel with those who are lost.

Thanks so much for your support. God bless.

Steve, Julie & the IOM Team
