The vision of Kingdom Music is to

- ☛ Serve the Lord by spreading God's word in music to every nation via the Internet.
- ☛ Promote and sponsor Christian composers (adults and children) by typesetting and arranging their music for distribution via the Internet.
- ☛ Sponsor (by seeking corporate sponsorship) Christian 'concert' composers to compose music for performance in the concert hall.
- ☛ Establish a wide Christian witness on the Internet by helping Christian composers have their own WWW sites.
- ☛ Establish a large database of traditional hymns which will be available via the Internet for a minimal charge.
- ☛ Publish over the Internet tutorials relating to praise and worship.
- ☛ Establish a large database of music written by the great Christian composer of the past (for example J.S. Bach).

Kingdom Music's WWW site is a distribution point for Christian music over the Internet. At this site you will find information about the music typesetting services that Kingdom Music provides as well as Christian songs in GIF (A4) format for quick downloading), songs in pdf format for high resolution printing, at least 59 midi sequences of songs, CD samples in WAV format and 59 movies (mov) files of the songs (music sequences).
